

Dear Neighbour,

Ref No: Southern SRE/Sussex/TH SCU1 24m 1386yds

Railway Improvement Works - Crouch Lane Underbridge Refurbishment Works

I am writing to update you from our previous letter that was sent to you in July 2024 about the essential works to refurbish the bridge at Crouch House Road. These works were due to start on the 26 August 2024 and were expected to be completed by the end of November 2024.

I am sorry to have to let you know that these works have had to be delayed due to a change in the scope of the work that is required for this bridge, which will need to go through a design change and then approved. We do not currently have a confirmed date for when these works will start but we are aiming to agree a road closure, access and set up on site before the end of this year.

These works will be essential in helping to reduce any future bridge closures that could impact road users and passengers who use these commuter lines. We will write to you again when a revised date has been confirmed with all the relevant details of the work that we will be doing and any mitigations to reduce the impact of these works on our lineside neighbours.

I hope this information is helpful and we apologise for any inconvenience that this may cause you. If you have any additional questions or concerns, please visit www.networkrail.co.uk or telephone our 24-Hour National Helpline on 03457 11 41 41 quoting Crouch Lane Underbridge Refurbishment Works.

Yours sincerely
